

## Introducing RESTOROX™ One-step Disinfectant Cleaner & Deodorizer For Mold and Mildew Remediation

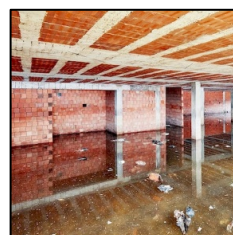

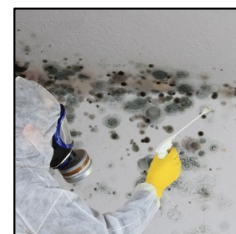

RESTOROX™ is the perfect RTU one-step disinfectant cleaner and deodorizer solution for mold and mildew remediation. It is formulated using patented Accelerated Hydrogen Peroxide® (AHP®) technology to increase its germicidal potency and cleaning performance. Only AHP® combines unmatched efficacy with environmental integrity and application safety. This product is EPA registered and has superior contact times compared to the leading products in the market. RESTOROX products are available to order now.

### Key Benefits of RESTOROX™:

- Effectively cleans, kills and prevents mold and mildew with short contact times
- Sanitizes in 10 seconds (30 seconds for soft surfaces)
- Fungicidal in as little as 30 seconds
- Virucidal in 30 seconds
- Bactericidal in 1 minute
- RTU - No dilution required ensuring compliance and removing the risk of diluting hazardous concentrates balancing safety with efficacy
- Non-toxic, non-irritating, non-corrosive and fragrance free
- The solution is biodegradable and leaves no active residues on surfaces
- EPA Registered (74559-9) and is included on the EPA List N

### Where to Use:

- Anyplace where mold and mildew may be present - Foodservice, Building Care, Education, Retail, etc.
- Professional mold and mildew remediation or restoration sites
- Sewage backflow sites
- Natural disaster recovery
- Water and flood damage sites
- Trauma, crime scene and fire clean up
- Equipment and PPE disinfection (non-critical devices)
- HVAC (hard non-porous surfaces)
- Carpet sanitizing
