What makes BioMax EcoSafe Surface Ready to Use Disinfectant Spray stand out from the rest...

BioMax EcoSafe Multi-Surface Antimicrobial Cleaner is a Non-Toxic cleaner that cleans, disinfects, and deodorizes. It is designed to fight and kill germs, bacteria and viruses that can be spread throughout the air and/or on surfaces. Its all-natural formula contains no harsh chemicals and is non-corrosive making it safe for use around children and pets and in areas where common disinfectants can't be used. This includes: upholstery, leathers, natural woods, vinyl, cloth goods, engineered wood, carpet, electronics, medical equipment, food processing equipment, and more!
