ALERT WORKS Model EAR-10 "ALERT 0FF" Option

Your Alert Work's EAR-10 Emergency Alert Weather Radio allows you to program the radio to silence selected event codes in your area to minimize annoyance.

- Press **MENU** button to open menu options
- Press **UP** directional arrow to scroll through menu options until **"ALERTOFF"** is displayed
- Press **SELECT**
- Press the **UP/DOWN** directional arrow to select the event code that you wish to silence
- Press the **LEFT** or **RIGHT** directional arrow to set the selected event code to "**ON** or **OFF**"
- Press **MENU** to exit the programming mode
