

Cramer Products PowerFlo Reconditioning Program

All parts and services provided by Cramer manufacturing personnel

Ten Point Reconditioning Service Program:

1. Inspect drinking system and determine if any parts need replacement
2. Check complete system for leaks in the manifold, valves, hoses and nozzles
3. Inspect and repair all wiring
4. Inspect and clean filter (replace if necessary)
5. Check battery performance
6. Check charger performance
7. Check pump performance
8. Clean and sanitize entire drinking system
9. Dry winterization
10. Certify drinking system against manufacturer's defects for a one year guarantee

Submitting unit for reconditioning authorizes Cramer Products to replace up to \$50.00 for necessary replacement parts without approval from the customer. Customer will be called if replacement parts exceed \$50.00 in costs.

BONUS FEATURES:

1. 10% discount off school list price for any replacement parts
2. Backed by Cramer Product's 100% satisfaction guarantee on all parts and labor against manufacturers defects

School Price:	PowerFlo Reconditioning	\$200.00
	PowerFlo 20 Reconditioning	\$250.00
	PowerFlo 50 Reconditioning	\$250.00

Note: No services will be performed without an authorized purchase order number.

Freight program: Customer pays freight in
Cramer pays freight out

Program deadlines:

Please allow 60 day turnaround time on all units

Shipping instructions:

1. Contact Cramer via email (info@cramersportsmed.com) or by phone (800-345-2231) to request a Reconditioning Program Authorization Form and shipping label.
2. Pack only the battery, pump, charger, manifold, hoses and nozzles carefully in one box. Cramer recommends the use of a 17" x 17" x 7" box, or the equivalent, available at any UPS store.

*****DO NOT RETURN** any parts not listed above. Cramer will not pay the return freight on carts, tanks or other non-reconditionable parts***

3. Include a completed Reconditioning Program Authorization Form **WITH** purchase order number in the return box.
4. Affix the reconditioning authorization label to the outside of the box before shipping.
